PORSCHE

RECOMMENDED MAINTENANCE SCHEDULE — PORSCHE

The service intervals listed below follow Porsche's manufacturer-recommended maintenance guidelines. Depending on your model, driving conditions, and service history, your vehicle may require adjustments to these recommendations.

Our recommendation at Select German Car Service: We recommend an Oil Change Service every 6,000 miles. Our focus is long-term reliability — keeping your vehicle healthy well beyond 100,000 miles. While some manufacturers publish longer intervals, we prefer a preventative approach that supports maximum engine longevity. We don't sell cars — we maintain them, and we want yours to last.

Every visit includes a Multi-Point Inspection. Items identified during the inspection will be documented and recommended accordingly, based on the vehicle's condition and mileage.

10K Service / Minor Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Brake system inspection
7. Tire condition & pressure check

20K Service / Intermediate Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Engine air filter replacement
7. Cabin air filter replacement
8. Brake fluid flush
9. Brake system inspection
10. Tire condition & pressure check

30K Service / Minor Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Brake system inspection
7. Tire condition & pressure check
8. Underbody inspection
9. Inspect & advise: suspension & steering components

40K Service / Major Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Engine air filter replacement
7. Cabin air filter replacement
8. Brake fluid flush
9. Inspect & advise: PDK service (if equipped)
10. Brake system inspection
11. Tire condition & pressure check

50K Service / Minor Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Brake system inspection
7. Tire condition & pressure check
8. Cooling system inspection (hoses, leaks, radiator area)
9. Inspect & advise: drive belt(s)

60K Service / Major Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Engine air filter replacement
7. Cabin air filter replacement
8. Brake fluid flush

9. Spark plug replacement (engine dependent)
10. Inspect & advise: transmission service (model dependent)
11. Brake system inspection
12. Tire condition & pressure check

70K Service / Minor Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Brake system inspection
7. Tire condition & pressure check
8. Underbody inspection
9. Inspect & advise: suspension & steering components

80K Service / Intermediate Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Engine air filter replacement
7. Cabin air filter replacement
8. Brake fluid flush
9. Inspect & advise: PDK service (if equipped)
10. Brake system inspection
11. Tire condition & pressure check

90K Service / Minor Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Brake system inspection
7. Tire condition & pressure check
8. Underbody inspection
9. Inspect & advise: suspension & steering components

100K Service / Intermediate Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Engine air filter replacement
7. Cabin air filter replacement
8. Brake fluid flush
9. Comprehensive mechanical inspection (drivetrain, cooling, fuel system)
10. Inspect & advise: cooling system service
11. Inspect & advise: timing components (engine dependent)
12. Brake system inspection
13. Tire condition & pressure check

4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Brake system inspection
7. Tire condition & pressure check
8. Underbody inspection
9. Inspect & advise: suspension & steering components

40K Service / Major Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Engine air filter replacement
7. Cabin air filter replacement
8. Brake fluid flush
9. Brake system inspection
10. Tire condition & pressure check

50K Service / Minor Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Brake system inspection
7. Tire condition & pressure check
8. Cooling system inspection (hoses, leaks, radiator area)
9. Inspect & advise: drive belt(s)

60K Service / Major Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Engine air filter replacement
7. Cabin air filter replacement
8. Brake fluid flush
9. Spark plug replacement (engine dependent)

10. Inspect & advise: transmission service (model dependent)
11. Brake system inspection
12. Tire condition & pressure check

70K Service / Minor Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Brake system inspection
7. Tire condition & pressure check
8. Underbody inspection
9. Inspect & advise: suspension & steering components

80K Service / Intermediate Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Engine air filter replacement
7. Cabin air filter replacement
8. Brake fluid flush
9. Brake system inspection
10. Tire condition & pressure check

90K Service / Minor Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Brake system inspection
7. Tire condition & pressure check
8. Underbody inspection
9. Inspect & advise: suspension & steering components

100K Service / Intermediate Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset

4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Engine air filter replacement
7. Cabin air filter replacement
8. Brake fluid flush
9. Comprehensive mechanical inspection (drivetrain, cooling, fuel system)
10. Inspect & advise: cooling system service
11. Inspect & advise: timing components (engine dependent)
12. Brake system inspection
13. Tire condition & pressure check

Maintenance Schedule

MASERATI

RECOMMENDED MAINTENANCE SCHEDULE – MASERATI

The service intervals listed below follow Maserati's manufacturer-recommended maintenance guidelines. Depending on your model, driving conditions, and service history, your vehicle may require adjustments to these recommendations.

Our recommendation at Select German Car Service: We recommend an Oil Change Service every 6,000 miles. Our focus is long-term reliability — keeping your vehicle healthy well beyond 100,000 miles. While some manufacturers publish longer intervals, we prefer a preventative approach that supports maximum engine longevity. We don't sell cars — we maintain them, and we want yours to last.

Every visit includes a Multi-Point Inspection. Items identified during the inspection will be documented and recommended accordingly, based on the vehicle's condition and mileage.

10K Service / Minor Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Brake system inspection
7. Tire condition & pressure check

20K Service / Intermediate Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Engine air filter replacement
7. Cabin air filter replacement
8. Brake fluid flush
9. Brake system inspection
10. Tire condition & pressure check

30K Service / Minor Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Brake system inspection
7. Tire condition & pressure check
8. Underbody inspection
9. Inspect & advise: suspension & steering components

40K Service / Major Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Engine air filter replacement
7. Cabin air filter replacement
8. Brake fluid flush
9. Inspect & advise: ZF automatic transmission service (model dependent)
10. Brake system inspection
11. Tire condition & pressure check

50K Service / Minor Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Brake system inspection
7. Tire condition & pressure check
8. Cooling system inspection (hoses, leaks, radiator area)
9. Inspect & advise: drive belt(s)

60K Service / Major Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Engine air filter replacement
7. Cabin air filter replacement

8. Brake fluid flush
9. Spark plug replacement (engine dependent)
10. Inspect & advise: ZF automatic transmission service (model dependent)
11. Brake system inspection
12. Tire condition & pressure check

70K Service / Minor Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Brake system inspection
7. Tire condition & pressure check
8. Underbody inspection
9. Inspect & advise: suspension & steering components

80K Service / Intermediate Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Engine air filter replacement
7. Cabin air filter replacement
8. Brake fluid flush
9. Brake system inspection
10. Tire condition & pressure check

90K Service / Minor Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection
3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Brake system inspection
7. Tire condition & pressure check
8. Underbody inspection
9. Inspect & advise: suspension & steering components

100K Service / Intermediate Service

1. Engine oil & OEM oil filter replacement
2. Multi-Point Inspection

3. Service reminder reset
4. Fluid level check & top-off (Engine Oil, Brake Fluid, Coolant Level, Power Steering Fluid if equipped, Windshield Washer Fluid)
5. Battery health test
6. Engine air filter replacement
7. Cabin air filter replacement
8. Brake fluid flush
9. Comprehensive mechanical inspection (drivetrain, cooling, fuel system)
10. Inspect & advise: cooling system service
11. Inspect & advise: timing components (engine dependent)
12. Brake system inspection
13. Tire condition & pressure check
